## INTERNAL HACKATHON – KAVACH-2023

The membership in CISCO Networking Academy

Certification by students J.JAYARAMAN M.KEERTHANA in CISCO Networking Academy (Cyber Security).The Cyber Security CoE was established in 2023 to provide opportunities to students to learn test and develop expertise in the technology of Cyber Security.

Cyber security refers to every aspect of protecting an organization and its employees and assets against cyber threats. As cyber-attacks become more common and sophisticated and corporate networks grow more complex, a variety of cyber security solutions are required to mitigate corporate cyber risk. So this opens up lot of opportunities for students to enter into the field of Cyber Security.

The CoE has strong Cyber security working group supported by the Industry and Professionals. Industries tie up with Cisco Network Academy, Palo Alto Networks Cyber Security Academy and Yugaas Technologies. The industry is offering many Cyber security courses, Interns and Certifications.

Renowned alumnus of our college working in top MNCs as Security specialist and supporting lot in the projects carried out in the CoE. Many products have been developed and currently four projects are under development. The CoEis frequently conducting Internal Hackathon and encourages the students to participate in Hackathon organised by different organisation and Institutes. The CoE encourages the students to work on various cyber security and forensic tools.
