Rate relevance of the courses in relation to the program

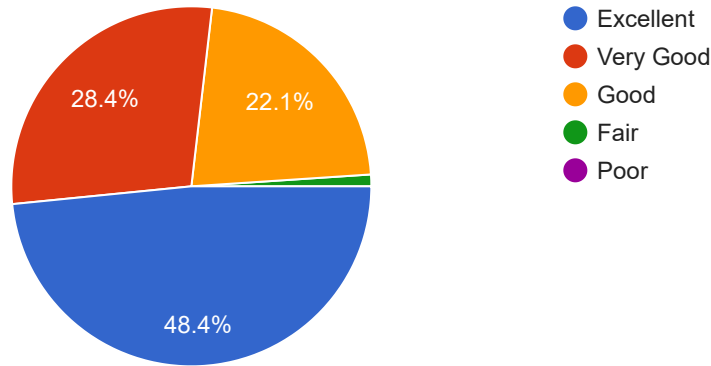

92 responses

Rate the sequence of the courses included into the programs.

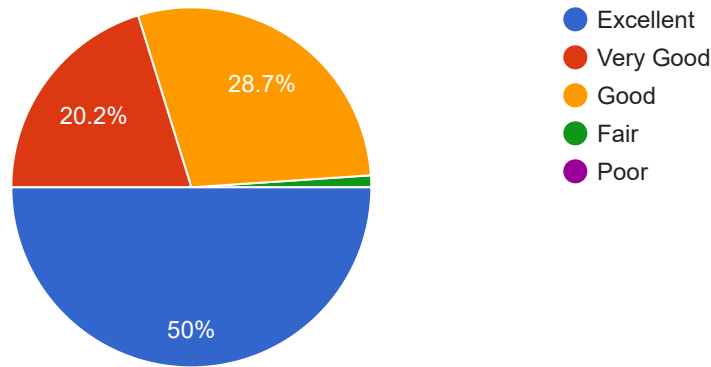

92 responses

Rate the competencies in relation to the course content.

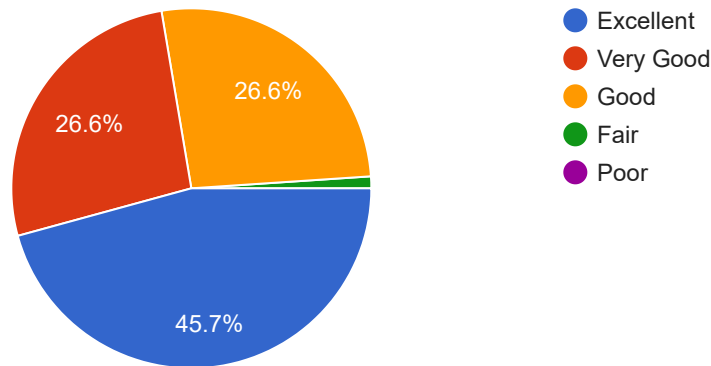

92 responses

Rate the sequence of the topics in the units

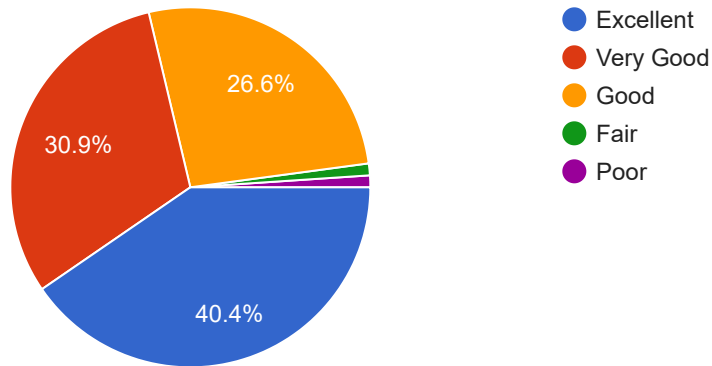

92 responses

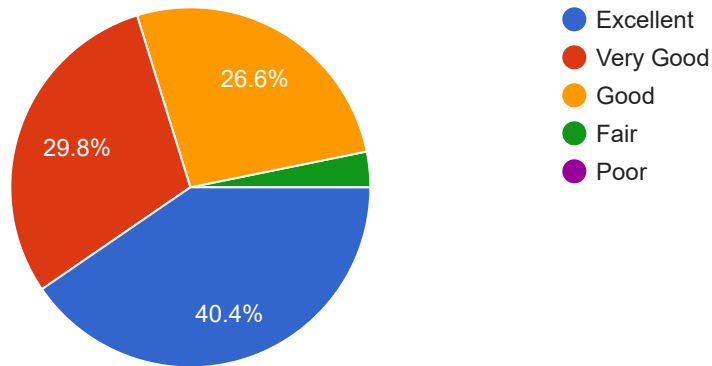

Rate the offering of the in relation to the specialization streams.

92 responses

Rate the offering of the electives in relation to the Technological advancements .

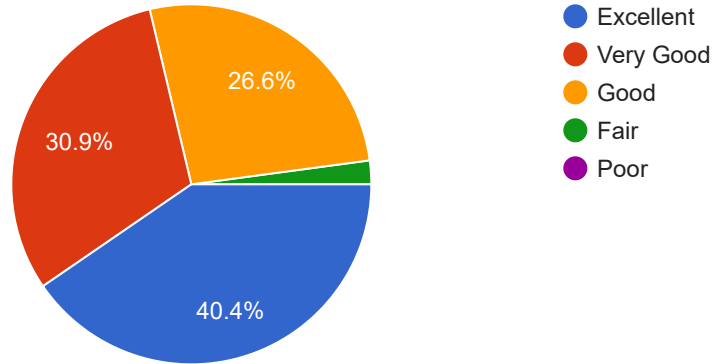

91 responses

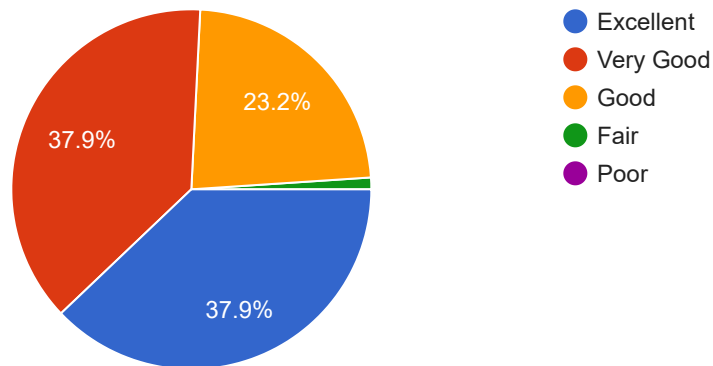

Rate the courses which are skills related suiting to the Industry included into the programs .

91 responses

Rate the domain used for designing the experiments in terms of the suitability of the Tools to the domain .

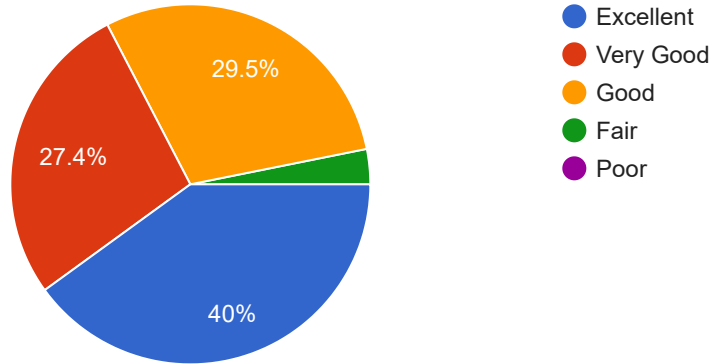

92 responses

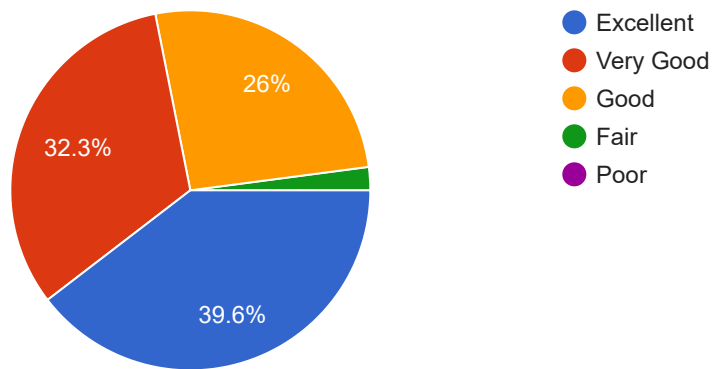

Rate the experiments in terms of their relevance to the real life application .

91 responses

Rate the courses that you have learnt in relation to your current Job .

Rate the syllabus of the courses that you have studied in relation to the competencies expected out of the course

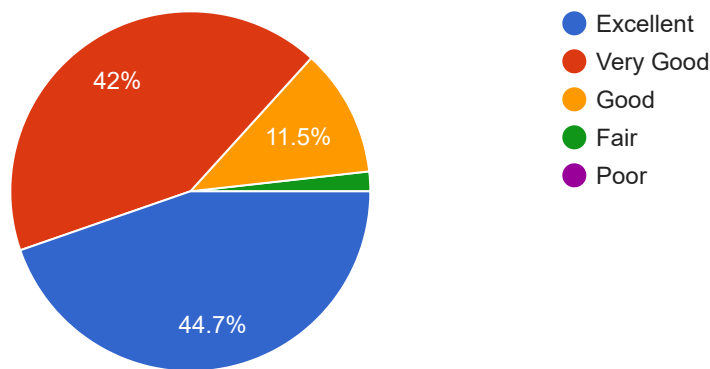

226 responses

Rate the relevance of the units in Syllabus relevant to the course.

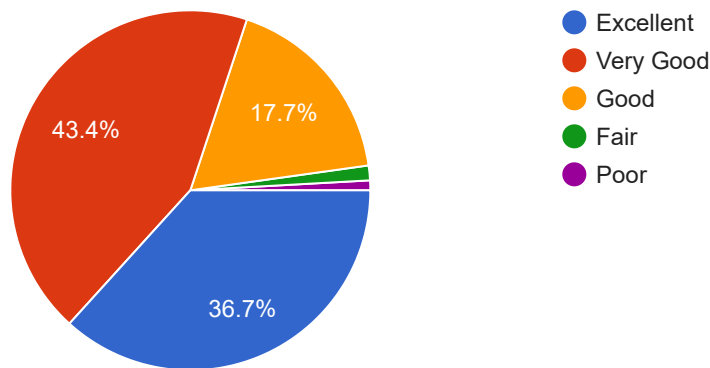

226 responses

Rate the sequence of the units in the course.

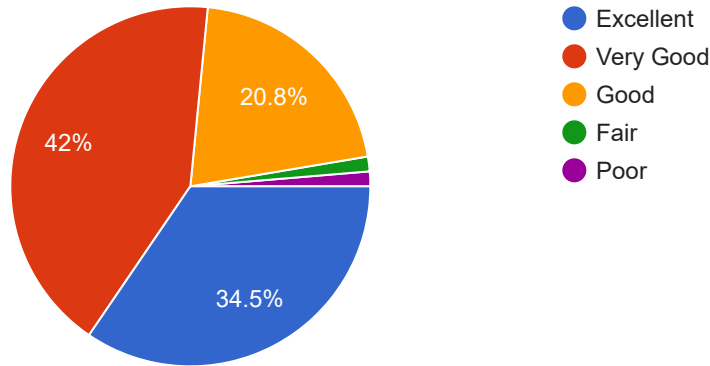

226 responses

Rate the allocation of the credits to the courses.

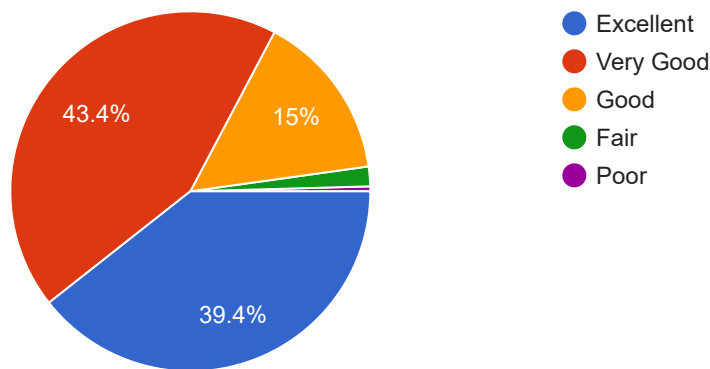

226 responses

Rate the distribution of the contact hours among the course components (Lecture-Tutorial Lectures-Practical).

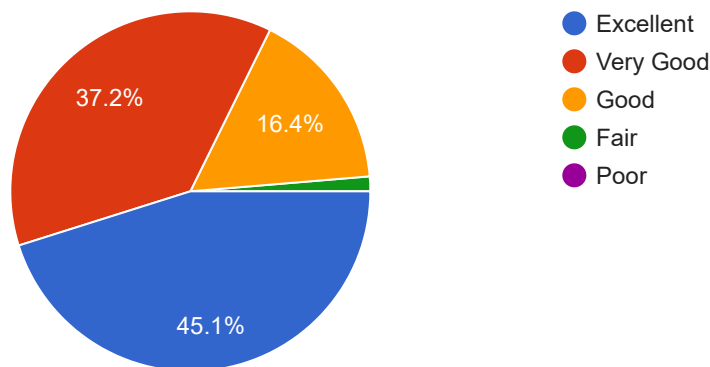

226 responses

Rate the offering of the electives in terms of their relevance to the specialization streams .

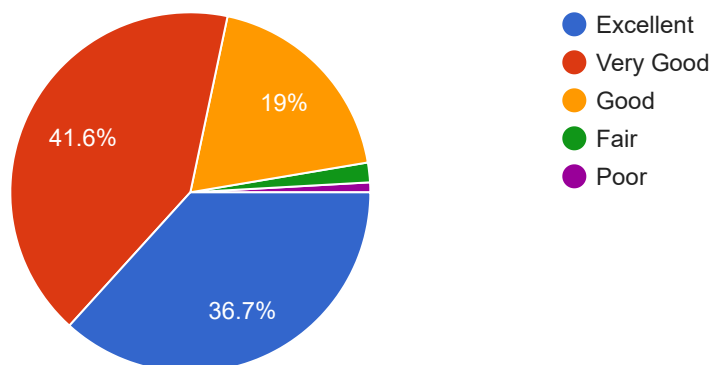

226 responses

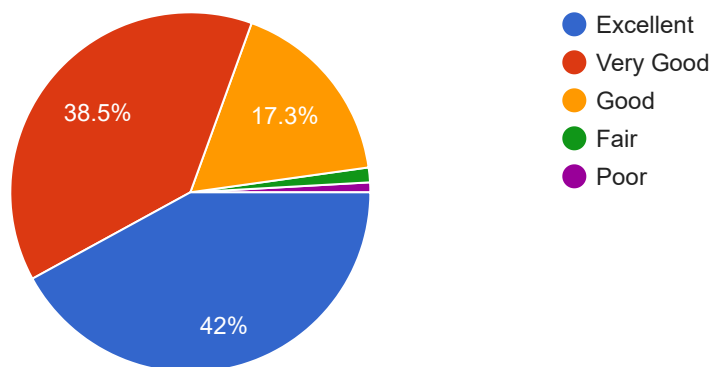

Rate the electives offered in relation to the Technological advancements

226 responses

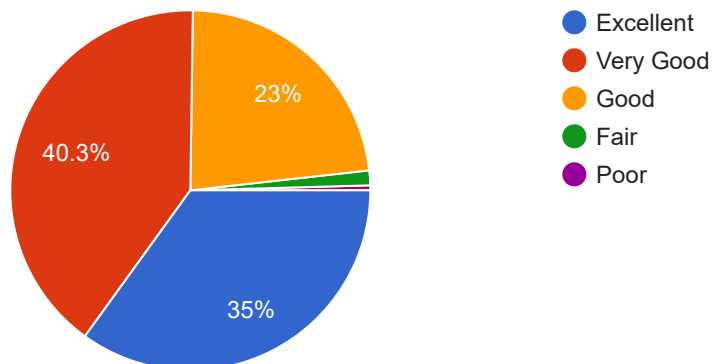

Rate the relevance of the Text Books and reference books by their International recognition to the Courses

226 responses

Rate the Size of syllabus in terms of the load on the student

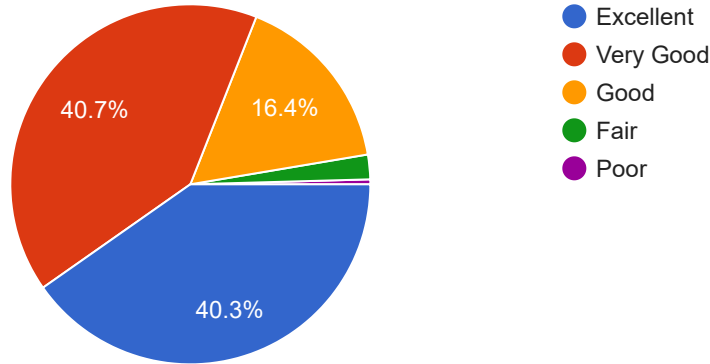

226 responses

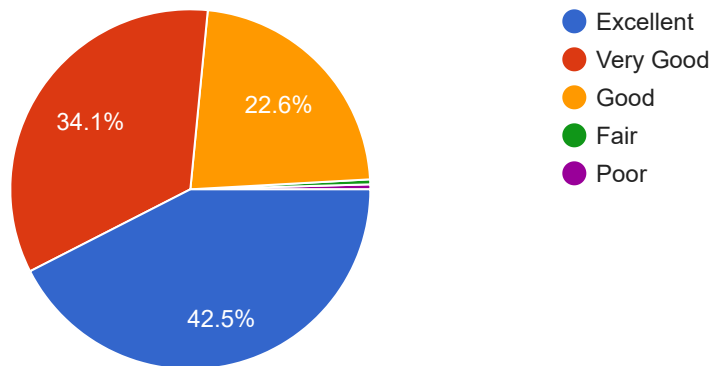

Rate the courses in terms of extra learning or self-learning considering the design of the courses

226 responses

Rate the courses in terms of sequence of offering considering whether the preceding courses have been covered

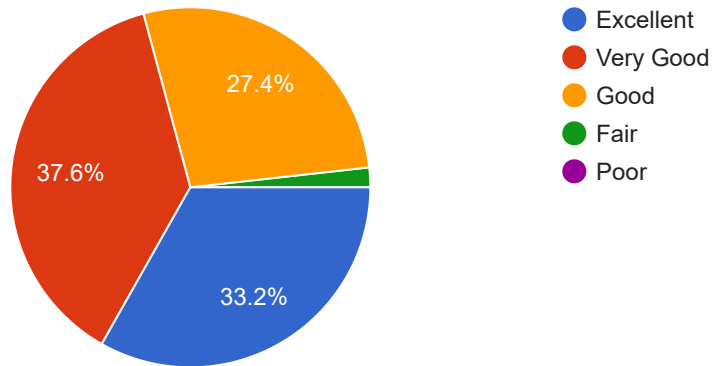

226 responses

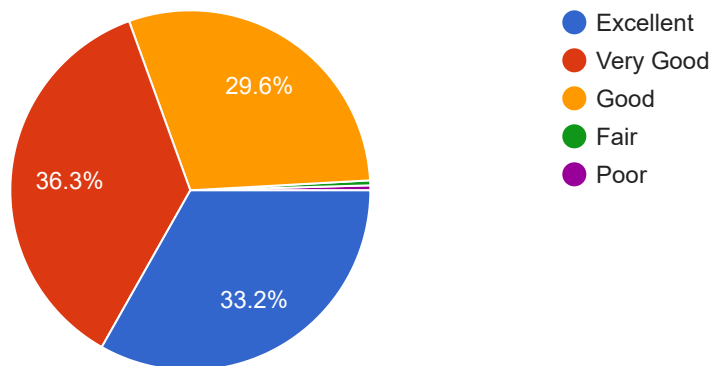

Rate the loading of the courses in a semester

226 responses

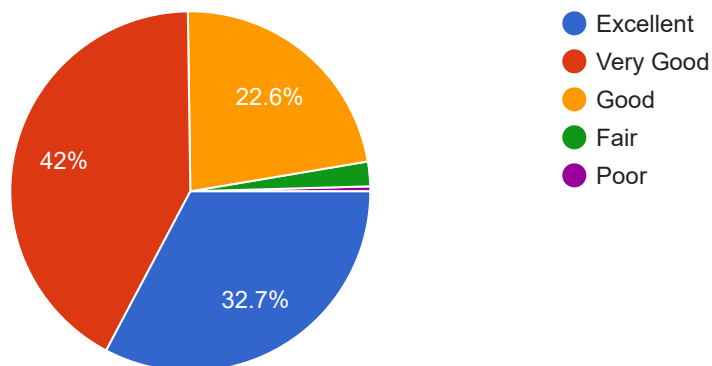

Rate the evaluation scheme designed for each of the course

226 responses

Rate the objectives stated for each of the course

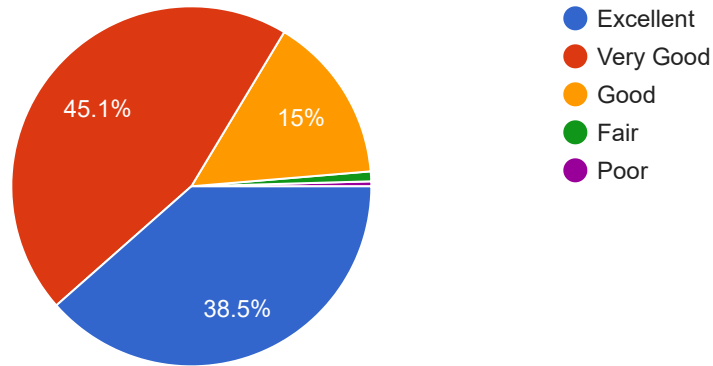

226 responses

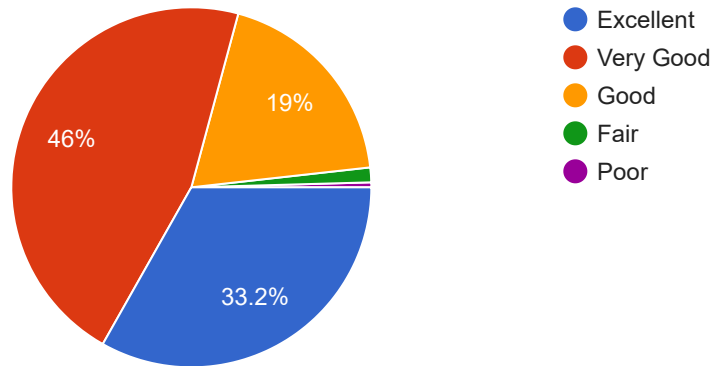

Rate the composition of the courses in terms of Basic science, Engineering science, Humanities, Discipline core, discipline elective, open elective, project.

226 responses

Rate the percentage of courses having LAB components

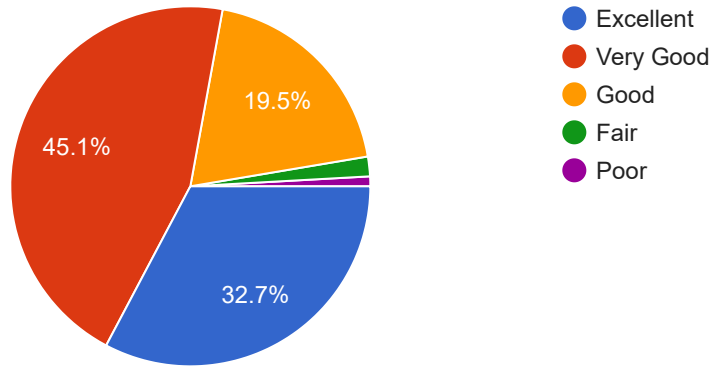

226 responses

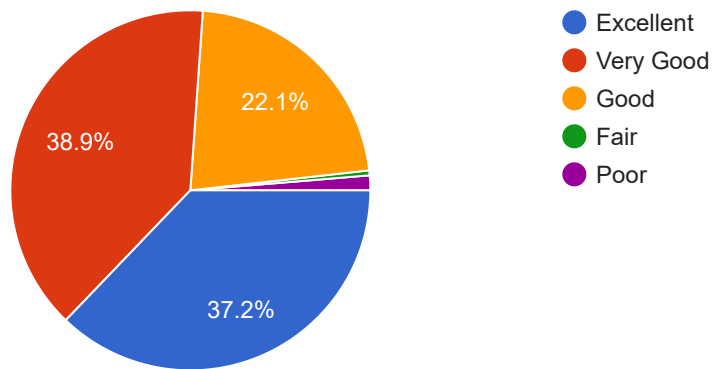

Rate the domain used for designing the experiments for the LAB components .

226 responses

Rate the experiments in relation to the real life Applications

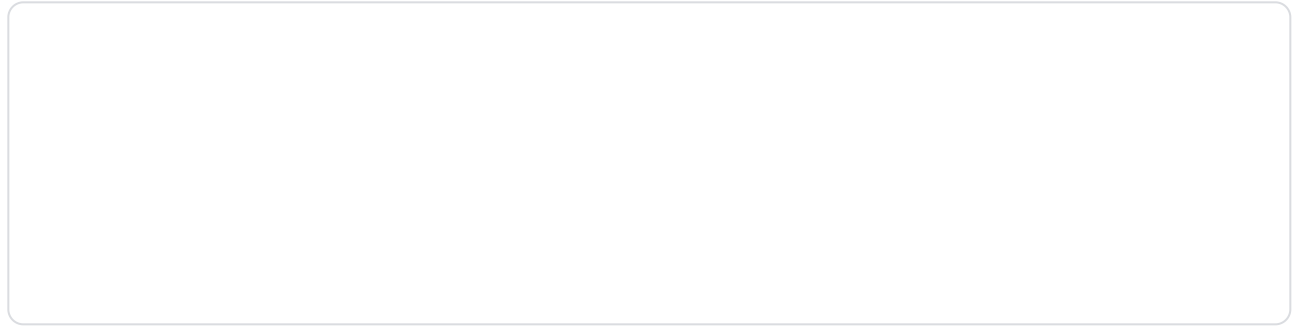

226 responses
