7.2.1 Describe at least two institutional best practices (as per NAAC Format)

Best Practices-1

1. Title of the Practice

Student Mentoring System

2. Objectives of the Practice

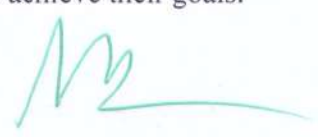

- To support the students to achieve progress in personal, academic, social and emotional aspects.
- To establish a lively relationship between the students and the faculty members that will guarantee responsible discipline.
- To monitor the thoughts of the mentees and provide the course correction wherever required.
- To provide a continuous learning process for both the mentor and the mentee.
- To strengthen Mentor – Mentee relationship.
- To guide the students in choosing the right career and higher education etc.
- To encourage the students to develop the quality of their life and make them as a responsible citizens.

3. The Context

The nature of student's background i.e. catering to different socio-cultural and economic diversity necessitates mentoring being opted as one of the best practices by the institution.

Student Mentoring System was started at Jaya Sakthi Engineering College with a view of sharing the knowledge, advice, and resources from the mentor to mentee. Most of our 70-80% students come from rural and humble backgrounds. Hence, it is essential for the Institution to provide Mentoring support to these students. Mentoring System guides and counsels the students in academic and non-academic matters, including personal issues, to help them attain their goals. Mentoring is a valuable strategy for providing students with the emotional and instrumental support they need to achieve their goals.

4. The Practice

Mentorship Program always aims to help the mentee attain his/her career path by imparting guidance, motivation, role modeling and emotional support. Faculty mentors are assigned to a group of 10-15 students for the whole duration of a semester.

The First-year students are mentored by first year faculty and 2nd, 3rd and final year students are mentored by their respective department faculty members.

Mentoring session is conducted every Saturday from 3:30 PM to 4 PM on a regular basis. This mentoring session is compulsory for every student to attend without fail. If at all some student misses out due to valid reason, the Mentor has to schedule a separate session and get it completed.

The mentoring parameters are based on four aspects i.e. academic, attendance, career and general. During the discussion, inputs are provided by the mentor for the betterment of the mentee. The Mentor will recognize the mentee strengths and weaknesses.

The mode of communication between the mentor and mentee can be established through different mode(s) namely- In-person, Phone and E-mail.

Each Mentor maintains a Mentor files containing the personal and academic activities of mentee and is verified by the Head of the Department. The files are updated with mentee results, achievements, certificates, attendance, scholarships and project details. The grievances of the mentees are taken up by the mentor and if necessary it is forwarded to the Principal for necessary remedial actions. The mentoring system is evaluated by the Principal monthly to ensure better quality and efficiency in mentor/mentee practice. Mentors maintain contact with the students even after their graduation.

5. Evidence of success

A strong and caring triangular bond is cemented day by day among parents, teachers and students.

Consistent caring and guiding acts as a morale booster in improving regular attendance and contributes to personal and educational growth of the students

Continuous improvement in the mentor/mentee interaction, Mentee discipline and their interpersonal skills.

Student attendance has been improved from 75% to 90%, which has significantly reduced the dropout rate.

Establishment of a good relationship between faculty members and student communities which has provided a pleasant atmosphere in the class room as well as in the college campus.

The gradual increase in pass percentage and also increase in the percentage of students placed through on/off campus recruitments reflects the success of the Mentoring System.

Case Study:

- 1. S.Praveen Kumar, II-Year MECH** had 7 arrears in odd and even semester 2018-19. Through motivation and guidance, He was able to clear all arrears at the end of his course completion.
- 2. J.Sam Solomon I-Year MECH** had 8 arrears in the academic 2017-18. Through proper guidance and counselling, He was able to clear all arrears.

6. Problems Encountered and Resource Requirement

According to research, quality mentoring relationships have powerful positive effects on young people in a variety of personal, academic, and professional situations.

Mentoring is a two way process where if one side is showing less interest, it would collapse the healthy relationship.

The diversity in student's background and up bringing i.e. lack in the art of effective articulation, indifferent attitude etc.

Fear of opening up with personal issues with the Mentor and also Lack of mentoring experience among the faculty.

STUDENT SUCCESS STORY

MENTOR : Mr.J.Boopalan
STUDENT REGISTER NUMBER : 112017114009
STUDENT NAME : K. Praveen Kumar
BRANCH : MECHANICAL

The student K.Praveen Kumar joined the department of mechanical engineering in the year 2017 and he was very disobedient student. He had lot of arrears and he had lack of concentration in studies due to his family issues and communication knowledge in studies. He had given counseling repeatedly through the mentor, as a result of mentoring; he secured good marks in the university examination and placed.

8. ANALYSIS SHEET (To be Filled by the Mentor)

Observations / Findings in the previous year/semester			
Strength: (Positive points in terms of discipline, attendance, academic and co/extra-curricular activities to be summarized)		Weakness: (Negative points in terms of discipline, attendance, academic and co/extra-curricular activities to be summarized)	
1. Respect all Faculties.	4. willing to participate in group activities of co/extra curricular activities.	1. Comes to college daily half hour late.	3. Very weak in problem oriented papers
2. Attend the classes regularly		2. Does not submit Assignment & Projects in correct time	4. Does not participate in co/extra-curricular activities which involve individual events.
3. very strong in Theory Subjects			
Improvements observed in the subsequent semester:			
Attendance	Discipline	Studies	co/extra-curricular activities
Attend Comes to college 10 minutes before start of the college.	Follows proper dress code of college, now member of Class committee constituted by HoD for monitoring of discipline	Submit all his assignments & projects in correct time. Scores good papers in theory & problem oriented subjects	participate in all extra-curricular activities & co-curricular activities in other colleges.
